ACKNOWLEDGMENT TO PRELIMINARY AMENDMENT AND STATUS OF THE CLAIMS

The preliminary amendment filed 4/21/00 is acknowledged, entered and considered. In view of Applicant's request claims 3-5, 7-9, 12-14, 17-18 and 20-21 have been amended and claims 24-32 have been canceled. Thus, claims 1-23 are now pending in the application.

ELECTION OF SPECIES

Claims 1-23 are generic to a plurality of disclosed patentably distinct species of compounds comprising cyclic and non-cyclic G-protein-coupled receptors, pharmaceutical composition and a method of treatment of a pathological condition mediated by G-protein-coupled receptors thereof having various compounds and/or structures as recited in structures I-V of claims 1, 10, 15, 17 and 19, respectively. *Applicant is required under 35 U.S.C. 121 to elect a single disclosed species of compounds, together with a structure and an ultimate specie of G-protein-coupled receptor and indicate claims reading on the elected species within the elected invention*, even though this requirement is traversed.

An ultimate specie of G-protein-coupled receptor is a G-protein-coupled receptor wherein all of the variables of the G-protein-coupled receptor are accounted for.

Should applicant traverse on the ground that the species are not patentably distinct, applicant should submit evidence or identify such evidence now of record showing the species to

Art Unit: 1653

be obvious variants or clearly admit on the record that this is the case. In either instance, if the examiner finds one of the inventions unpatentable over the prior art, the evidence or admission may be used in a rejection under 35 U.S.C. 103(a) of the other invention.

Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).

Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a petition under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(I).

CONCLUSION AND FUTURE CORRESPONDENCE

Claims 1-23 are subject to election of species requirement.
